Rotary Foundation

What does it take to vaccinate every child in Afghanistan for polio? In March, the Afghanistan polio eradication initiative conducted its first nation-wide immunization campaign for polio eradication in 2018. In just under a week, around 70,000 workers knocked on doors and stopped families in health centers, city streets and at border crossings to vaccinate almost ten million children. What an incredible achievement.

The Rotary Foundation has spent over \$3 billion on programs and projects to support humanitarian efforts and scholarships through its 100 year history.

Scholar-Athlete Awards

Scholar-athletes are rare. It is a function of the limitations of the 24-hour day, human energy, and our educational institutions. Training to excel in a sport and learning to master a scholarly discipline both require significant quantities of time, effort, focus, and motivation. It is difficult to maximize the development of both sets of skills without some personal sacrifices. The La Grande Rotary Scholar-Athlete awards recognize those individuals who have made that sacrifice and have excelled in their sport and in academic pursuits.
